

**Privacy Policy:**

- At NextByte, your privacy is of utmost importance to us. We are committed to protecting your personal information and being transparent about how we collect, use, and safeguard it. This Privacy Policy outlines how we handle your data and your rights concerning your personal information.

**Information Collection:****Personal Information:**

- We collect personal information such as your name, email address, and payment details when you sign up for our service. This information is necessary to create and manage your account, process transactions, and communicate with you.
- We may also collect additional information that you provide voluntarily, such as your preferences and feedback, to enhance your experience with our platform.

**Usage Data:**

- We collect usage data to improve our services and personalize your learning experience. This data includes information about how you interact with our platform, such as the courses you access, the time you spend on different activities, and your progress and performance.

**Information Use:****Service Provision:**

- Your information is used to provide and enhance our services, process payments, and communicate with you. We use your data to personalize your learning experience, deliver content, and support your educational goals.

**Data Sharing:**

- We do not share your personal information with third parties except as necessary to provide our services or comply with legal obligations. For example, we may share your information with payment processors to complete transactions or with legal authorities if required by law.

**Security:****Data Protection:**

- We implement industry-standard security measures to protect your data from unauthorized access, alteration, or disclosure. This includes using encryption, secure servers, and access controls to safeguard your information.
- Despite our efforts, no method of transmission over the internet or electronic storage is completely secure. While we strive to protect your data, we cannot guarantee its absolute security.
